

ENSURING THE SAFETY OF OUR CUSTOMERS

Routinely using sanitizers and thoroughly cleaning the store each morning, evening, and throughout the day, following CDC Guidelines.

Customers will be required to use hand sanitizer upon entering the store. Sanitizer and hand washing will be available and provided throughout the visit.

Limiting the number of customers in the store at one time, to allow for appropriate social distancing.

We aim to provide a touchless shopping experience, providing ways to safely open dressing room doors and not requiring signatures.

We will be wearing masks. We will also require all customers to wear a mask or face covering during their entire visit. Left the mask at home? Disposable masks are provided.

Staff may wear gloves for certain interactions such as fittings.

If you'd rather not shop in person please shop online, virtually through facetime, by phone or we'll bring your selections to you curbside.

Merchandise that was tried on by customers will be withheld from the floor for an appropriate amount of time and sanitized before being returned to stock.

If simply picking up alterations or an order, please give us a call upon arrival and we'll bring them to you curbside.

Please reserve your time in the store to business matters. To reduce infection risk please "visit" by phone or email.
